The AI readiness quiz

Ten multiple-choice questions that show whether your business is ready to get value from AI, and where to look first. Score yourself out of 100 in under five minutes.

How to score: tick one answer for each question, then add up the points. The highest possible score is 100.

WHERE THE HOURS GO

1 How well do you know which tasks take the most staff time?

- ☐ We have not looked — 0 pts
- ☐ We have a rough idea — 4 pts
- ☐ We can name the top three — 7 pts
- ☐ We can name them and the hours each takes — 10 pts

2 How are those tasks done?

- ☐ Differently by each person, nothing written down — 0 pts
- ☐ Mostly the same way, nothing written down — 4 pts
- ☐ The same way, with rough notes — 7 pts
- ☐ The same way, with a written process — 10 pts

3 How often does your team retype the same information into another system?

- ☐ Never — 0 pts
- ☐ Now and then — 4 pts
- ☐ Every week — 7 pts
- ☐ Every day — 10 pts

YOUR DATA

4 Where does the information for those tasks live?

- ☐ Mostly on paper — 0 pts
- ☐ Spread across email and spreadsheets — 4 pts
- ☐ In software, but hard to get out — 7 pts
- ☐ In software we can export from — 10 pts

5 How clean is that information?

- ☐ Messy, with lots of duplicates — 0 pts
- ☐ Inconsistent from record to record — 4 pts
- ☐ Mostly clean — 7 pts
- ☐ Clean and consistent — 10 pts

6 Could you share a sample with an outside firm under a nondisclosure agreement?

- ☐ No — 0 pts
- ☐ Not sure who would decide — 4 pts
- ☐ Yes, with some approvals — 7 pts
- ☐ Yes — 10 pts

YOUR TOOLS

7 How easily can ownership see the company's key numbers (KPIs), 24/7?

- ☐ Only when someone pulls a report — 0 pts
- ☐ Weekly, from a spreadsheet someone updates — 7 pts
- ☐ Monthly, after the books close — 4 pts
- ☐ Any time, from a live dashboard — 10 pts

8 How does your team use AI today?

- ☐ Not at all — 0 pts
- ☐ Some AI features are switched on — 7 pts
- ☐ A few people try tools on their own — 4 pts
- ☐ It is part of daily work — 10 pts

9 How well do your main systems connect?

- ☐ Not at all — 0 pts
- ☐ Some are connected — 7 pts
- ☐ We move data by hand between them — 4 pts
- ☐ The main ones are connected — 10 pts

THE PAYOFF

10 Do you know what a fix would need to save to be worth building?

- ☐ No idea — 0 pts
- ☐ We know what an hour of staff time costs — 7 pts
- ☐ A rough sense — 4 pts
- ☐ We know the hourly cost and the savings we would need — 10 pts

Your score _____ / 100

80 to 100 — Ready for an audit

You know where the hours go and your information can support a fix. An audit will turn that into a ranked, priced plan.

Get my AI audit: frontrangedev.co/intake

51 to 79 — Almost ready

The opportunity is there, with a few gaps. An audit will price the fixes and show you what to tidy first.
